Report of the Superintendent of Schools

Mr. Leonard Grybko, Chairman
Frontier Regional School Committee

Dear Mr. Grybko:

As Superintendent of Schools it is my pleasure to submit to you my annual report for the Frontier Regional School District for the year 1969.

CLASS SIZE

Based upon past reports, it is understood that Frontier Regional was built to accommodate a maximum enrollment of six hundred pupils. Our October enrollment for this year totaled seven hundred and eighty-four with large classes of one hundred and forty or over in grades seven and nine. This means that some sections in the required courses and especially science at the ninth and tenth grade levels are crowded. Our music room, gymnasium and related shower facilities are not adequate. It is most desirable to have class sections of twenty to twenty-five pupils to provide the maximum opportunity for effective teaching and learning.

The local towns of Deerfield, Sunderland, and Whately have special study committees reviewing the topic of re-districting and will report back to their respective communities at the next annual meeting. It is hoped the reports will give us direction in providing a solution to the problem of expanding our facilities for educational programs to better meet the needs of our students.

STAFF

We had many changes in personnel during the year. Those who have left the system are: Mr. Donald Healey, Miss Melanie Kasparian, Mrs. Marie Mayberry, Mr. Thomas Moore, Mr. Joseph Winseck, Mrs. Lucille Wisniowski, Mrs. Alice Bleakley, Mrs. Irene Kubacki, Mrs. Elizabeth Cole, Mr. Frank Mastalitz, Mrs. Helen Mieczkowski, and Mrs. Jennie Ludwiczak.

To replace the above, the following teachers were appointed: Mr. Richard B. Butler, Miss Susan Higby, Mrs. Gail V. Richard, Mr. Carlton E. Peabody, Mr. George Bluh, Mr. George Price, and Mrs. Cynthia Risley. Two teachers appointed to newly created positions in the mathematics and music departments are Mr. George Trenholm, and Mr. Walter Gladwin.

Mrs. Sara Yeagley was appointed to the position in the Superintendent of Schools office and Miss Marene Nickerson to the Principal's office.

Mrs. Eleanor White and Mrs. Vivian Frost were appointed to cafeteria positions. Anthony Podlesney and Alexander Kuzontkoski were appointed as custodians.

The teacher salary scale that became effective September 1, 1969 is as follows:

Step	Non-Tenure Bachelor's Degree	Tenure Bachelor's Degree	Non-Tenure Master's Degree	Tenure Master's Degree	Non-Tenure Master's Plus 30	Tenure Master's Degree Plus 30
0	6200	6200	6550	6550	6900	6900
1	6500	6500	6850	6850	7200	7200
2	6800	6800	7150	7150	7500	7500
3	7100	7300	7450	7650	7800	8000
4	7400	7600	7750	7950	8100	8300
5	7700	7900	8050	8250	8400	8600
6	7900	8100	8250	8450	8600	8800
7	8100	8300	8450	8650	8800	9000
8	8300	8500	8650	8850	9000	9200
9	8500	8700	8850	9050	9200	9400
10	8800	9200	9150	9550	9500	9900
11	9100	9500	9450	9850	9800	10200
12	9550	9950	9850	10250	10150	10550

The above Salary Schedule is taken from page 36 of the contract between the Frontier Regional School District Committee and the Frontier Regional School Teachers Association effective September 1, 1969 to August 31, 1971.

GUIDANCE

The graduating class of 1969 had an enrollment of 105 students, whose future plans, as reported by the Guidance Department, are as follows:

Four year college	33 or 31.4%
Two year college	26 or 24.8%
Nursing	2 or 1.9%
Technical, Vocational or Business School	10 or 9.5%
Military Service	9 or 8.6%
Labor Market	20 or 19.0%
Post Graduate	1 or .9%
Undecided	4 or 3.9%

FEDERAL PROJECTS

Although Federal funds have been curtailed, we have continued to participate in various projects and have received funds in the following areas: P. L. 864 (N.D.E.A.) Title III—Reading—Reimbursement Received—\$495.68; P. L. 864—Guidance—V.A.—Reimbursement Received—\$368.50; P. L. 88-120—Business and Office Educational—\$796.00; Public Law 874, (1967-68)—\$3,188.00; P. L. 89 + 10 — Title II — Library books and Visual Aids — \$547.14.

We have reimbursements due to the amount of \$2,736.71 as the result of science and reading projects.

ADULT EVENING PROGRAM

It is the responsibility of the schools to provide worthwhile educational or recreational programs for adults for their needs in the wise use of leisure time. During past years this program has grown under the direction of Mr. Henry Zukowski, Director. In his report he has listed the enrollment for the following practical arts courses:

Beginning sewing —	21
Advanced sewing —	25
Tailoring —	17
Knitting —	20
Embroidery —	18
Upholstery —	24
Furniture Refinishing —	17
Total —	142

In addition, there is a total of 25 enrolled in a typing course. This enrollment is better than 50% over last year. Classes are held on Monday, Wednesday, and Thursday evenings. Also, adults participate in physical education programs as the schedule of facilities permits.

CONCLUSION

Change in all phases of life is still the challenge facing students today. We, in education, can best meet that challenge by teaching students how to understand, evaluate, accept, and make the necessary adjustments needed to live in a rapidly changing society. I wish to thank the citizens, school committee, school personnel, and students for their cooperation and assistance during the past year.

WARREN D. BENNETT

Superintendent of Schools

Report of the Principal

This is the 2nd annual report I have submitted as principal of the school. The end of last year and the beginning of this one have seen us rapidly moving toward being fully prepared for the visitation of the New England Association of Colleges and Secondary Schools. It is a time of self-evaluation and we are bringing our curriculum guides and other material up-to-date. The visitation itself will take place from April 5 - April 8, 1970, and the chairman of this group will be Mr. John F. Canavan, principal of Tantasqua Regional High School.

As of October 1, 1969, our enrollment was 783, representing an increase of almost 50 students over last year. This is the highest it has been in the history of the high school. In anticipation of this the school committee approved the building of a relocatable four room complex which although not completely furnished, we entered in November, 1969. Even with this additional expansion we are still cramped for space in several areas at various levels. We have also worked with the Massachusetts State Department of Education to plan the renovation of one of our standard classrooms in the high school in order to provide us with an additional science work area. This project is scheduled to be done this coming summer. It will help us to modernize and expand our science facilities.

In the area of staff personnel we have added a Mathematics instructor at high school level, and we are considering additional teachers in the Spanish, Science, and English departments, keeping pace with our increased student population.

In the area of curriculum and curriculum offerings the following changes have been instituted. In English a program in the area of Journalism has been instituted at the 12th grade level. It is being taught by Mr. William Steinecke, who at one time was a reporter for the Greenfield Recorder. The Roberts Linguistics Series has now been expanded into the upper tracks at the 9th grade level, and next year all ninth graders will be exposed to it.

In Social Studies we have been able to schedule a course in the American Negro, this having been a subject that prior to this year had been taught after school.

In the Mathematics department we are continually up-dating our program and modernizing it, and a new series of modern math books have been added at several levels.

The Industrial Arts area has changed its offerings so that all of the courses above grade 8 are on a half-year, once-a-day basis. In Woodworking these include courses in small furniture building, study of house carpentry, understanding of electricity, and furniture production. In Metals it includes studies in tools and materials and processes of bench metal, advanced sheet metal work (advanced welding and auto body), power mechanics, and automötive maintenance and repair.

In Physical Education all of our students have been exposed to the President's Physical Fitness Program, and awards will be given to those who can successfully complete it. This program is an attempt to establish national norms in the area of physical dexterity for all students, and it points out to both the school and the participant his strengths and weaknesses in this all important area.

In Music we have employed a vocal music teacher and the chorus at various levels has been re-instituted. An activity period is now in effect two days a week and the band is able to meet on school time, as do several other clubs and extra curricular groups.

Personal Typing has been made part of the basis curriculum of the grade 8 students and is taken three times a week. In the past this subject had been offered on a "hit or miss" basis at the 9-12 level, and once a week for the 7th grade. By placing this subject at a particular grade level for a sufficient period of time, it insures all of our students being able to type by the time they enter high school.

We are also moving toward a closer tie with the school union in the area of curriculum and remedial reading. I hope that a resultant factor of these meetings will be a close vertical coordination of the curriculum between the school

union and the regional school, thus making the transition from a small school unit to a large one easier for our incoming population.

As I finalize this report I would be remiss if I failed to thank the principals of the school union and its teachers who met with me last year.

I would also like to express my thanks to the teachers at Frontier who have spent endless hours and days getting ready for our evaluation this year.

As usual, the custodial staff, which one takes for granted, has done an exceptional job in keeping this school plant in such good condition. The secretaries also have been excellent, as have the kitchen personnel.

I hope that as we advance toward the 21st century, this entire school district will become more conscious of the need for a better educated populace and will seriously attempt to up-date our school plant to keep pace with the needs of our community and our society.

Norman G. Donegan
Principal

Report of the School Nurse

FRONTIER REGIONAL SCHOOL HEALTH REPORT

During the school year 1968 - 1969 ninety-one students reported to the Health Office as the result of injuries in school. Of this number, twenty-six were seen by a doctor or required hospital care.

Vision and hearing exams were given to seven hundred and forty-eight students with twenty-two referrals for eye exams and six for hearing tests.

The number of students seen in the Health Office for various health problems totaled nine hundred and seventy-eight. Ninety-three students were excused home because of illness.

In March, 1969 the Montaux Tuberculin Test was administered to the ninth grade students and all faculty and school personnel who desired to take the test.

There was an increase in mumps with ten cases reported to the Health Office. This resulted in a Mumps Immunization Clinic for the 7th, 8th and 9th grades.

Physicals were given to the 7th, 9th and 11th grades as well as to one hundred and forty-seven other students competing in athletics.

There has been an increase in skin infections in school, especially fungus infections. The causes for these are varied, but carelessness on the individual student's part to health safety rules is the predominant cause.

There is no dental program per se at Frontier Regional but the school administration is most cooperative in allowing students to keep their dental appointments during school hours when necessary, thus maintaining a good dental program on an individual basis. This helps the student to assume responsibility for his own well being. Dr. Lassek is most cooperative in sending student dental cards to the Health Office for recording on the student's permanent health record.

If students at Frontier are to continue to enjoy good health in a safe and healthful environment, they must assume responsibility toward helping to maintain that environment. The custodians at Frontier are exceptional but the increase in their work load and the seeming lack of respect that a minority of students have toward rules and regulations can be detrimental to the student body as a whole.

My sincere thanks to Dr. Rice, the faculty and personnel at Frontier for their understanding cooperation in the Health Program.

Health concepts in our society must be changed if our students are to have any semblance of a sane and healthful environment. Hopefully a greater awareness of these concepts can be achieved through education.

Workshops in Drug Abuse have been held for faculty and student representatives. It is hoped that the information they received may be disseminated to other faculty members and students in other programs during the coming year.

EDNA BEATTIE, R.N.

RULES GOVERNING USE OF VETERANS'
MEMORIAL GYMNASIUM

1. No refreshments of any type are to served in any part of the gymnasium.
2. Use of the building for square dancing at school functions will be at the discretion of the Principal of the Frontier Regional School.
3. All requests for scheduling of dates are to be made not more than 30 days prior to date; and must be made in writing to the Principal of the Frontier Regional School. After receiving a request for use of the gymnasium, the Principal shall reply to the request, outlining fees and including a current copy of the Rules and Regulations Governing Use of Veterans' Memorial Gymnasium. The Principal shall also send copies of the reply and the fees to be charged to the Chairman of the Governing Committee and to the Treasurer of the Frontier Regional School District.
4. Except for the Town of Deerfield corporate purposes, all organizations must pay \$9.00 for janitor services for the first three (3) hours, and \$3.00 per hour for any hours thereafter; they must also pay for police protection whenever necessary at the rate of \$5.00 for the first two (2) hours, and \$2.75 per hour for any hours thereafter; and such organizations as listed are required to pay a heat, light and utility charge of \$21.00 for the use of the gymnasium:

Private citizens for non-profit, Companies or business
for non-profit,

Private citizens for profit, Companies or business for
profit use.

Payment of janitor fees, charges for use of the gymnasium and police protection are to be made to the Treasurer of the Frontier Regional School District.

5. There will be NO SMOKING in the gymnasium or corridors or wherever there are NO SMOKING signs.
6. NO DECORATIONS are to be fastened to walls or ceilings.
7. All equipment is in charge of the school authorities and the janitor.

GERALD FORTIER, Chairman
Veterans' Memorial Gymnasium Governing Committee

The rules were adopted at a meeting of the Gymnasium Governing Committee October 9, 1956. Amendments to Rule #3 and Rule #4 were voted September 24, 1968.
